

Growth Method

“ Being Christian is not the result of an ethical choice or a lofty idea, but the encounter with an event, a person, which gives life a new horizon and a decisive direction.

Pope Benedict XVI, Deus Caritas Est

Many parish leaders face the challenge of effectively managing engagement with parishioners and visitors while ensuring impactful ministry. Traditional methods often lack efficiency and fail to provide comprehensive insights. Growth Method from ACST Catholic addresses this problem by offering streamlined processes and communication channels tailored to the needs of Catholic parishes. It empowers leaders to gauge and enhance their parish's impact, ensuring they make a meaningful difference in people's lives.

With Growth Method, pastors and parish staff can access live reports and daily task lists in a simple and visual format, making it easier than ever to stay organized and connected. Plus, it seamlessly syncs with your ChMS (Church Management System).
