

Realm Background Checks

The total Background Check solution for your church.

We know that safety and security is important to your church. That is why ACS Technologies has partnered with Verified First to bring you the most comprehensive screening solution that is also fully integrated with Realm.

Problem to Solve:	Realm Background Checks:
Congregants want to know they are being protected and their place of worship is safe for their families.	Whether recruiting a volunteer or hiring a new staff member, you can't assume anything. Realm's Background Check solution uses the top, most comprehensive worldwide screening databases to uncover so much more than the average screening processes.
Church staff spend a lot of time trying to manage background checks on their volunteers and staff.	Realm's seamless integration with our Background Check solution makes it easy to use and to quickly manage all your background screening needs. You can search for cases where follow-up is needed or when it's time for a renewal, as well as query and report on other key background check information.
Church staff need to be able to limit those who are able to see the background screening reports.	In Realm, you can designate which staff members have the ability to view, submit, and manage background checks.

Key Features:

- Track the date background checks were processed
- Send background check requests to volunteers and applicants to complete so you never ask for or store sensitive information, like Social Security numbers
- Easily identify flagged reports to make the reviewing and hiring process faster
- Produce results that are compliant with federal and local background screening laws

Screen for Critical Information:

- County criminal records
- Nationwide sex offender registry
- Nationwide criminal database
- Motor vehicle records
- Credit history report
- Interpol, terrorist & FBI watch lists
- Alias searches if requested
- Social Security Numbers
- Death index
- Education & employment verifications

Start protecting the people you care about the right way.
