Personalized Training

We can help you maximize Realm for real ministry impact.

You don't have to figure this out on your own. Our ministry consultants can help you utilize proven best practices to achieve your ministry goals with Realm. We've helped hundreds of churches get up and running with Realm and we can put that knowledge to work for you.

Our highly experienced team:

- can train your full staff in all aspects of Realm
- can help with setup and configuration to get the most out of Realm
- has over 100 years of combined experience

"I'm a huge advocate of the training that ACST offers when you are adopting Realm. It was invaluable in getting my leaders to believe in and adopt Realm. It was so well structured in terms of scheduling, that we didn't have to ask people to sit through things that they don't need to participate in, which was really helpful."

Jenni Brooks, Transitional Director of Operations and Communications, Idlewild Presbyterian Church
